Alliance of Eternity > General Discussions > Topic Details Best class to pick for first playthrough, with white march I haven't played many of these styles of games, mainly just the new shadowrun games, I didn't have a PC when the oldies were out!! I was thinking about rouge, but then I heard they're low INT characters and I don't like going low INT, always seems to limit dialogue a lot.I know I'm going to have a full party at my disposal, but still, I want to pick a character I'm going to into and enjoy playing the story of... I just don't want to pick something cos i think it seems cool, to find out it's extremely difficult to manage for someone new to crpg/s or that the class has been nerfed to death and doesn't work anymore or something.A little guidance before I get started would be appreciated, a lot!
