Credit is issued once all pieces are returned to our distribution center. If your return is not received, tracking from the provided label or proof of delivery is required to issue credit. At Omni Cheer, we make every attempt to have all of the items that we sell in-stock and available to ship. However, some inventory will occasionally be listed as backordered, meaning we are temporarily out of your selection, but expect to have it back in stock soon. Items that are backordered are not available for immediately delivery, but when possible, we will provide you with an expected ship date for your item. Please be aware that backorder dates are approximate and subject to change. We will inform you by email or phone if this date changes. If you add an item that is backordered to your cart, Omni Cheer will notify you of the item status in your cart. Please note that the date listed indicates when we expect to ship the item, not when we expect to ship the item status in your cart. Please note that your credit card will be authorized and charged on the date your order is placed. Occasionally, select products will ship from a separate warehouse location and will need additional processing time. Applicable products will include an updated status message in your shopping cart. Closeout items are limited to stock on hand and cannot be backordered. Following these instructions will help you keep your cheerleading apparel clean and in good shape. Want to know how to measure athletes for uniforms and other custom garments? measurements:BustWaistHipsInseamSkirt LengthGirthBust MeasurementStart by having your athlete face you and make a T motion. Measure across the fullest part of the chest.Waist MeasurementMake sure the athlete is standing naturally without holding in his or her stomach. Measure around the natural waistline about 1 inch above the belly button. Hips MeasurementHave the athlete stand with his or her feet together and measure across the fullest part of the hips, making sure to not let the tape slide up or down. Inseam MeasurementMake sure your athlete is wearing tape where the body meets the inside of the leg. Follow the measuring tape down to the desired length. Dont forget: measure to the floor for pants, but for joggers or leggings, measure to the ankle.Skirt LengthHave the athlete face away from you. From the natural waistline, measure over the hips to the desired length on the back of the leg. The skirt length is determined by subtracting 1 inch from that measurement to allow for the waistband. Girth Measurement Take the measuring tape between your athletes legs, up and over one shoulder and pull tightly. Use THIS SHEET to record your measurements (bust, waist, hips, top and skirt lengths) are needed for most custom uniforms. Start with these measurements, then view our size charts to determining which size to order. If you need help determining which size to order. If you need help determining which size to order. right corner. 1. Bust/Chest: Measure completely around the body at the fullest point of the bust/chest, under the arms, with tape straight across the back and arms by side of body. 2. Waist: Measure completely around the narrowest portion of the waist or where the skirt will most likely be worn. 3. Hips: Measure completely around the fullest part of the hips (approx. 8" below the natural waistline). 4. Top, Skirt, and Dress Length: We recommend using our standard, long or short top and skirt lengths listed in our size charts as a guideline to determine top length. The majority of our customers go with our standard lengths. If you have more specific lengths in mind, please see our Specialized Sizing Information Section below or contact one of our helpful sales representatives to discuss your order. After you have the basic measurements listed above, please see our size charts to choose your size. If you are sizing for a Bow to Toe package or Classic Cheer Uniform package, you will use our Polyester Top and Elastic Waist Skirt size charts found on this page. Specialized Sizing Information: More information about top length measurements: To determine the Top Length measurement, measure from the tip of the most prominent bone at the base of the neck to where you want the top to hit on your backside. length, especially if you are with a school or organization that does not permit the stomach to show. We recommend our standard length for most team members but do offer longer lengths if needed. More information about skirt length measurements: Our skirt length measurements: Our skirt length is measured from the bottom of the waistband to the edge of the skirt, and from the natural waistline to the bottom edge of mid- rise skirts. Measure in back from the natural waistline over the backside to the desired length in whole included in skirt length. Inseam and Arm Length Measurements are only needed when ordering custom pants and custom long sleeve tops. Inseam (needed only for mens pants and custom polyester warm-ups): Measure from the inside of the leg beginning at the crotch seam and measure down the leg to the desired length. We recommend that uniform shoes be worn to determine the proper inseam. Arm Length (needed only for custom half tops and long sleeve tops): When ordering custom half tops and long sleeve tops, we recommend standard lengths. Sleeve Lengths on long sleeve length or long sleeve length is measured from the end of the clavicle to the outer fold of the wrist with the arm slightly outstretched and elbow straight. To find the end of the clavicle, feel the bone at the top of the shoulder. Follow this toward the arm until you reach the indentation indicating where the arm and shoulder meet. to the outer fold of the wrist, which can the found by bending hand upward, palm down, so that the finders are trying to point upward toward the ceiling. Measure skirts from the natural waist. Because of the mid-rise nature of these skirts, the body of all Mid-Rise skirts will measure 1" shorter than the provided measured skirt length (not including waistband). FIT KITS RECOMMENDED FOR MID-RISE SKIRTS. HELPFUL TIPS FOR ORDERING UNIFORMS Cheerleaders and Dancers grow! Hold fittings as close to the time of ordering as possible, and take potential growth into account when determining the size to order. Cheerleading Company's CUSTOM uniforms are manufactured to standard sizing charts. Measurements, however we are able to customize the top length and skirt length on most garments. As with any standard-size garment, some alterations may be necessary for the best fit. We offer a generous seam allowance on most garments to allow for easy alterations. Since each garment is individually cut and sewn, Cheerleading Company allows small tolerances in the length and width of garments. Garments may measure up to " of the specified bust/chest or waist size. BENEFITS OF ORDERING FROM US We know coaches are busy, and we save you time! Cut & Sew uniforms are perfect when you have 4-6 weeks between building your cheer leading uniforms. Cut & Sew uniforms are perfect when you have 4-6 weeks between building your cheer leading uniforms. When ordering for Recreation Cheer, Pop Warner and Upward Cheerleading uniforms, you often need a custom look on a shorter time scale and sometimes lower budget. For this, we recommend our Color Rush Material 1-2 weeksorin-stock cheerleading uniform selection (3-10 days). Feel free to contact us with assistance on custom design and recommendations on the perfect look to fit your cheerleading team!1-888-551-2227 INFO@VictoryCheerUniforms.com A fit kit is highly recommended. If you cannot use a fit kit, please compare your body measurements to our size chart.Please follow product specific sizing charts and measurement guidelines when determining the sizes needed. The size chart is basesd on garment measurements. It is recommended to order slightly above body measurement to size conversions and size quantity tallies are the customer's responsibility. Record the tallies of each size needed on a spreadsheet and submit to your rep. An example spread sheet can be viewed here- SAMPLE CHEER UNIFORM ORDERING ROSTER. Notate any adjustments that are needed. 1. Plan for 30 feet of table space. If your regular practice area does not offer this, a local gym or library is a great alternative. 2. Plan to have at least 1-2 extra helpers. Passing out sizes, making sure sizes get put back in the right stack, giving opinions on the fit, ect. Extra help makes the process smoother, but keep 1 dedicated person for recording the sizes. 3. Arrive at least 45 minutes early to set up your size stacks. 4. Make a stack for each size. 5. Keep in mind, the gowing room that may be needed in the chest and waist throughout the season. It's always safer to go up a size if you are unsure. 6. Cheer uniforms run small. Do you not be surprised if your typical street size is not what you are needing in your cheern uniform. Do not order order based on street sizes. Always get a fit kit and try on each piece to be safe. 6. If you are missing a size in your kit use the process of elimination method. I am missing a YM in the kit, but we have the YL and YS. YL is too big YS is too small. If no YM is available to ship or time does not allow for a resizing, then order the YM 7. Be sure to confirm, as you are entering the size, garment with parents which size they want for each piece. Having a large screen or paper, so that you can be sure of the name row and garment column during recording is helpful to avoid mixing up athletes or garment categories. 9. Take a rug or blanket for shoes to ensure the fitting kit is kept in prestine condition for the next team. 10. Order your size kit early to avoid wait lists. Send the fit kit back within 14 days, as other teams on the wait list will need this to safely order their uniforms in time for their games as well. Victory Cheer Uniforms is always happy to help guide you through your sizing process. Please reach out to us to order your fit kit today. Refundable deposits are just \$99. Fit kit shipping fees are based on the quantity of your order.
