There are many different versions includingRelationships are wonderful. We all want to always be in touch with a loved one, spend pleasant moments and create beautiful love stories. To do this, I will tell you about the phone game. Phone games for couples can help build intimacy and strengthen bonds by making dates enjoyable and fun. All the games on this list are perfect for anyone at any stage of their relationship! Can you also make a good impression on your property with these games? Best Phone Games for Couples 1. Dots and Squares Dots and Squares is a simple and easy recreation of the classic pencil and paper game we all played as kids. There is only one small difference: players draw lines to connect adjacent dots! The one who crosses each wall first watches himself, but finds that he has more boxes, even if he does not finish them. Android - 2. Glow Hockey 2 Are you looking for a fun game to play with your partner? Glow Hockey 2 is the perfect way to have a good time. It's easy to use and has a great soundtrack that will get you pumped! You can choose from four different areas, each with its own atmosphere. We love this app because it keeps us away from our screens and allows us to communicate in person. Download this app now to start playing! Available: Å. iOS - Android - 3. Crossy Road My partner and I have been playing Crossy Road for a few weeks now and we can't stop! I think this is one of the best phone games for couples. It is very addictive and fun to play. We don't even know what points are because we're always trying to beat them. Sometimes it's a competition, but that's what makes it so much more fun! If you are looking for a game that will make you laugh and challenge your skills then this is for you! Available: Do you know what to do? Why not try Words with Friends 2! It is similar to the original version of words with friends, except for more options and features. You can play against each other in real time or play after each other. There are many different versions, includingLightning and brusle modes. "Words with friends 2" is a great phone game for couples because it is easy to learn and does not require much thinking or strategies. Available: å ios in android å BattleExt is a game of strategy, patience and vocabulary. You will love it if you are enthusiastic full scrabble fan! The rules are so simple that even their children can play! All you have to do for yourself: tie your Facebook account with one (or friends), then choose how many opponents will be from your network or other friends list - two people work best because no one works too much power to win the game. In addition, in each round, there should always be a winner who becomes the price "king" when the boxes are filled on opposite pages, pulling lines on the walls between the couples from the dotted boxes until one wins. Available at: å ios in android å å 6: Relationships quiz [Game lover can play on mobile phone] ratio quiz is an entertaining way to keep in touch with your partner. I think these are great phone games for couples. Answer the questions to see how well you know each other and then challenge them to intense advice game! Another part of the quiz may be interesting: if his answer coincides with yours, he also gets points, but if you get the most points you win. So you can feel your special feelings using questions related to questions. Available at: å Å å a å å a android 7. Chess If you and your partner are looking for a way to challenge the other intellectual skills, the chess app is perfect. You can play against computers or random people without any restrictions like if you play in real life so no one can use anyone else who doesn't know how it works because among your partners is peace because they compete online, what game is more balanced than Previously, because WhatsApp is nowadays popular with young adults. You can make a good impression by beating your loved ones! If you play and practice more, you will definitely impress with your intelligence! Of course, you and your loved ones have fun and funny. The goal of the game is that players run above the board,Balls and at the same time do not allow other players from the strategy. This beautiful game will be ideal for each family of a family or a date! You and your loved ones can compete as a team with other pairs. I think that Lyudo King is a great example of the telephone games for steam! The study of Lido King does not take much time, but he has an amazing depth with many strategies available to players who want a big task. The rules are simple enough to play children at the age of eight years, but they are enough to entertain adults. This makes Lido King perfect ideal for families with age! Available at: Hence from å å ě a ar -ar -s å å å å å are you looking for the best telephone games for steam? It's here! Draw something - this is a game that you can play with your partner, friends or family. This is a simple way to communicate with them and have fun! You will need to guess that it draws, but it is not as simple as it looks. The drawings are usually funny, so you always break! Available: iOS -Android å 10. Caution: you have fun to see Ellen Dedenery, how does he entertain his guests in his show? Now you have the opportunity to cope with your loved ones! You can play this game with your partner or everyone you want to enjoy with quality and pleasant time. Try to describe the word on the screen, not to mention it. Do what you need; Press, play and display as accurately as possible until they receive a message. Consider a wide range of topics, store your most interesting discoveries for future generations and share them with the rest of the world. This is pocket entertainment for the whole family. These are absolutely free and great telephone games for steam! Available: iOS å android å 11. Tic Tac TE is a classic TIC TAC TOE. Anyone who never gets tired of you in childhood. You are not mistaken for this feeling. This game is worth playing if you want to spend time with someone with someone and have fun! Tic Tac Toe is simple, easy in the game, but a hard logical type of game, in which two players compete (you and your friend/girlfriend). In this area, Panan will now introduce you to one of the best telephone games. Kat is a game that many of us played in childhood, but wereA time when playing on the phone was not so easy. With this new version of the classic game, you can play with all the letters and the mind! It's a great way to have fun and have fun together. Can be used: iOS, Android and Android. 13. Table Tennis Touch This game is for you if you have a way to hang out in the same room. Table Tennis Touch works with Bluetooth so players can compete on their phones! Although Face to Face doesn't respond to anything, it's even more fun to play when your partner isn't looking over your shoulder and enjoying your every move. That's why I couldn't remove this game from the list of best phone game pairings. Can be used: iOS, Android and Android. 14. PUBG (recommended games for couples on phone) PUBG is the most intense and addictive game around! If you are looking for a thrilling and thrilling ride, this game is for you. This allows up to 100 players to compete in a Battle Royal-style deathmatch on the fictional island of Erangel. You can choose from three different modes - solo mode, duo mode and squad mode - there's something for everyone. You can participate in tournaments and earn money by beating opponents. So what are you waiting for? Go out and start playing PUBG! Can be used: iOS, Android and Android. Related article: 35 awesome games like Rust: the best alternative. Departure. The game is full of fun while playing with friends and relatives. But among all players there will be a killer who will kill other players' characters, his name is "fraud". To win Among Us, you need to communicate well with others so they can work together. Find him/her before it's time! It doesn't have voice chat features, but phone conversations work fine, so you can engage more in the conversation without interrupting the game itself. So I couldn't remove this game from the list of best pair of phone games. Can be used on: iOS, Android, 16. Song Pop 2 If you're a couple, chances are you've both tried singing karaoke. One of the best ways to have fun with your partner is to play Song Pop 2.Where players can sing along to their favorite songs and earn points for accuracy! With over 26 million downloads worldwide, one of the most popular fun games for phones today. You'll also be able to share your scores on Facebook or Twitter - perfect for friendly competition between friends! Available on: Android. The goal of the chain reaction is to take control of the board by destroying the opponent's shots. Players take turns putting eggs into boxes. When a cell reaches a critical mass, marbles flow into the surrounding cells, adding one extra marble to the cell and delivering it to the player. Players' balls can only be placed on an empty court or with colored balls. If a player loses all their orbs, they are disabled. The game has two modes: HD large screen (PAD) and standard other devices. Each player's shot color and sound can be customized. The player can also turn haptic feedback (vibration) on and off.
