Página 2 2 Classifications by GoodReads More good stuff Loading LiveBinder This innovative book brings paired documents in twelve subjects together to show different perspectives on the same historic theme. FazÂ³ to it, it helps students deal with the complex nature of history as Â© done, and how historians interpret the past. Carefully selected primary documents in counterpoints promote the student's analysis and a deeper understanding of historical events. As editor Jonathan Rees says in the introduction, one presenting primary sources and explaining his exact relationship with historical events is a way to raise the questions associated with making history in short what happened. "Each of the twelve regard units Â© m sharpest vision unit £ general to provide context students, followed by two documents. Each document regard Â© m is a summary of the document for later connection. The pair document Â© followed by questÂ³es of discussÂ³ £ What to challenge students to reflect on the theme and think critically about the different perspectives on it.
