Logos Bible Study AppBuilt as a powerful Bible study and sermon prep platform for pastors, Bible teachers, and everyday theologians alike, Logos is the who want to dive deep into in-depth Scripture study and teaching. With over one million downloads and counting, Logos offers robust sermon outlines, commentaries, manuscripts, and built-in timers to help with sermon preparation. Users can also compare several different resources simultaneously and link them together, allowing them to study the Bible and gain insights in much less time. For this reason, Logos has been a trusted resource for thousands of Christians, including leaders such as John Piper, Beth Moore, and Dr. Timothy Keller. Verdict: The Logos Bible Study App is best for established pastors, Bible teachers, and seminary students who want and need to research, compile, and analyze in-depth Scriptural insights from multiple sources in an organized fashion.7. Blue Letter Bible Bible study app that allows users to find commentaries, Greek and Hebrew original language lexicon, and advanced word studies for each verse throughout the Bible. While other apps promote consistent reading and application plans, Blue Letter Bible provides readers with tools to study the nuance of the Bible's original language. This popular Bible app is best for occasional Bible teachers or students who want to quickly research a particular verse, word, or concept without being overwhelmed. Through the Word Is My All-Time Favorite While individual Bible readers' needs will vary, Through the Word was, not surprisingly, my favorite Bible-reading app. The content is interesting, engaging, and entertaining for all ages without being cheesy or annoying. The audio guides are accessible and easy to follow, even for those new to the Bible, and the commentary is family-friendly enough that I would feel good letting my young children listen to it. I originally started listening to give me greater context and understanding of some of the more difficult Old Testament books. Even though I've been reading the Bible for decades, I learned a great deal. Through the Word doesn't offer a community component or a systematic approach to sermon planning, but I didn't need or want either of these features. Instead, it provides in-depth, fascinating Bible teaching by trusted pastors to anyone who wants to start reading the Bible more regularly.
