Barneys original leather jacket size guide.

The more feedback we have, the better our product will get. The leather we use is a by-product of the food industry. Unfortunately we no longer have a brick and mortar retail shop and our warehouse is not open to members of the public. In the upcoming months, we'll also have 2 styles for men in Tall and Plus varieties. I'd like to return an Item - how do I return my purchase to Barneys Originals? Feel free to comment below or email us directly. Please print off a label for our Manchester warehouse here: Please include a note within your parcel with you name, order number and explain if you'd like a replacement or refund. We always use the softest leathers to ensure you can show off your

jacket straight away without the awkward 'wearing in' phase, but we needed to ensure our size range was more inclusive. The most common are sheep nappa, buffalo & goat suede. Depending on the leather used and the shape of the jackets - the sizing can vary across the range. We're proud to say this as we were taught not to waste and this is one part of our commitment to responsible production. All international customers are required to arrange their own return shipments. All customers can return their purchase within 30 days of receiving the item for a full refund, exchange or replacement. Where can I view the Barneys Originals size chart? All of our skins are Oeko-Tex certified. All parcels must be returned at your own cost - covering duties and taxes - to the following address: 12 STOCKS STREET, MANCHESTER, M8 8QG If you've been on our mailing list you'll have already heard about our trial range of Tall, Petite and Plus-sized leather jackets. Any item marked as 'faux' is not real leather. Well, we have further good news - the range is expanding again! We'll be bringing the women's Beppe, Clara & Belina jackets to shoppers with Tall, Petite and Plus-sized figures. We currently offer a free return service to UK customers only. Tap to shop Tall, Petite & Plus styles Do you have a retail shop I can visit? You can view each size chart via the specific product page. We currently offer a limited amount of shipping destinations which covers: United Kingdom, America & Australia. I cannot find my country listed on the checkout page - What countries does Barneys Originals ship to? Returning your Barneys Originals order - UK customers If you're based in the UK, you can use our free Royal Mail tracked returns service. Due to the success of our specially adapted size ranges, we're looking into ways we can make further styles accessible to all. Following our trial, we will be offering women's Petite and Tall jackets to size 6 - 18. You want to look stylish, but not at the expense of your comfort. We appreciate that size matters when it comes to finding the perfect leather jacket. We want to make our range as size-inclusive as possible. This is visible on both desktop and mobile. That's why we have chosen to create Individual size charts for each and every jacket. See our screenshot example below. Our men's tall range will run from XS - XXL. We have unfortunately been forced to temporarily end European shipping due to the rising cost of taxes and duties. We're always looking for feedback on sizing and styles, so having this trial period has been really insightful for us. As a small business, it's imperative for us to run trial ranges to ensure we're not buying unnecessary stock - this also helps from an ecological point of view as well! If you find that your size is no longer available, you can use our waitlist functionality to sign up for email notifications for when the item is back in stock. Our plus-sized leather jackets will currently run 20 - 28. We are committed to finding new and exciting alternatives to real leather. You'll find the option to view the size chart under the 'Add to Wishlist' button. We work alongside AMFORI audited factories & Leather Working Group tanneries to ensure a consistent quality throughout. We advise clearly marking your parcel as 'RETURNED GOODS' to ensure the shipment races no further duties or taxes. If you find our sizing still isn't quite right for you, we'd love to know! We know that it seems insincere when brands ask for poor feedback, but we really need to know. Returning your Barneys Originals order - International customers Unfortunately we do not currently offer a free returns service at Barneys Originals for international customers.
