Imaginarium classic train table manual

The Imaginarium Train table is a wooden table with a set of 100 pieces that the child can build on top 1. The table contains a double side game table with graphics on one side and solid green on the other. The set includes toy people, road signs, trees, vehicles, 23 track feet and 12 cargo cars. When the child is not playing, he can store all the pieces of the train set in the two large drawers of the table. Place all single pieces so you can easily view their identification stickers. Each piece has a label with a corresponding letter that identifies it during the assembly process. Parts of lay "I" and "J", which are two flat axles, rectangular, on the floor with holes overlooking the. Locate the long and rectangular part "L" and lay down so that the ends align with the holes in "I" and "J". Pull out the two smaller rectangles marked "M". Align these with holes in the side of the "L" part, one on each end. The "M" pieces sit perpendicular to the "L" tab. Pull out part "K", which is slightly longer than the "L" tab. Place "K" across the "M" tabs. "L" and "K" sit parallel to each other with the "M" cards that connect the two pieces. Remove 12 "S" screws. Place four screws each in the cards "L" and "K", two screws at each end. Place two screws each in the "M" tabs. The board "M" has three holes in one line; place the screws in the two outer holes and leave the inner hole empty. String all the screws. Find the two parts in the shape of L labeled "H". These are the table legs. Put one at the end of table "I" and one at the end of tab "J". Connect the "H" card using two "V" screws; These are the smallest screws in the set. Now you put together a side of the table. Repeat steps 2 to 5 to build the opposite side in the same way. Connect the two "O" cards with the "P" tab."O" tabs in vertical position and parallel to each other. Place the "P" tab between and perpendicular to the "O" tabs so that the assembly looks like a"H." Scroll four "U" cylinders in the holes on the side of the "P" tab. Connect each "O" tab to each "P" tab with two "R" screws. This assembly holds the drawers Imaginarium 1. Set the two sides of the table you built in Step 2 to 5 vertical. Helps you get a friend. Keep the two pieces parallel to each other and set the assemblies between the sides of the table. The "P" tab should be parallel to the sides of the train table. Attach the drawer assembly to the sides of the table with eight "V" screws. Attach a "Q" tab to each of the open ends of the table with eight "V" screws. Set the table aside to assemble the drawers. Place the "F" tab on the floor and hold the "B" tab with the drawer handle at a 90-degree angle to the "F" tab. To the right of the tab "B", place a tab "C". Place a "E" tab across the "B" tab and fill the blank side with a "D" tab. Connect the "B" tab to the "F", "C" and "D" tabs with six "T" screws. Scroll two cylinders into the holes at the end of the "E" tab and connect the "E" tab to the "C" tab with four "R" screws. Assemble the second drawer in the same way. Slide the drawers in the table. Place the two tables "G" above the top of the table. PDF downloadable Instructions below:. OPTIONAL: If the investigation concerns a R Us toy Imaginarium Train Table, please.
