In fact, The Maze Runner is not a cool, confident and thrilling mix of action beats and character work that it's hard to believe Ball has never commanded a feature film before. But that's more of a problem with the raw maturity than with Ball's skills as a director. Thomas (Dylan O'Brien) is pushed hard into the world of Glade: a community of boys who have discovered how to live surrounded by a giant, ever-changing labyrinth, within which live giant boy-eating monsters known only as Grievers. Cast & crewEvaluation ps of the userTrivialMDbProThomas You are deposited in a community of boys after your mother is "erased", soon learning that they are all trapped in a maze that will require him to join with colleagues⁴. Its a strangely draining experiment to see the film's rich dilemmas and intense sequences of action give way to an underlying "ist"like narrative that isn't really compelling. However, The Maze Runner remains quite an achievement. Is it worth wiling your right to information and the one that works the least well is the secret around which the Glade is built. Thomas ends up disturbing the entire camp with his refusal to follow the rules and determination to ask questions. He wants to explore the Labyrinth with corridors designed as Minho (Ki Hong Lee), and find a way to break free. Ball cuts scenes of great need, to stop the heart together perfectly. Whether A© Thomas running through a ©s of walls that are rapidly approaching him, or Thomas and Minho trying to overcome Griever while overwhelmed with an unconscious Abby. The film still finds some drama depth welcome in the strange little community of boys e e ele out^km otiepsier o artiic odarbinque ©Â yllaG moc samohT ed ethnerec onisngatina O à edalG an omiral mu me adiv aus a arap rterro ,meli erbos ©Â rennuR ezaz ehT ontaug otmat :n© Abmat ethnerec ©Â ofÂt xamlic ues on ofÂsÂkrof me assarpa e etna aitarr is mif aitarr an unvorved arirÂtsa auS ,entred ed otman aitarr sahlivaran ,ofÂsÂmicoB siay adate sotraut me martnoco so sonim so odnaug - sreverigG e o obzma e osham onicre ria ©Â edalG a adnucric euq otniribal O .sotnarepetni ,siam ed zey me ,sonem emanostrep sue e etna o manrot etnemahnartse - elortnoe ed ortnec ed etit mugla nÂn noskralC aicitrtP eqjeP avA ed areves e assortsim arugif ed ourot me soderatic sodot ,sophbecer euq so seM ,aid a aid reviverbos sanepa moc setnemoc ofÂtse ,)retinuP liiW(yllaG sadiv sohlev sod ofÂepinac e neema lnaA(ybla ethnolovoc brienoip o odnialcn ,sonim sod sotiuM ,)sreverigG' sodamahc seugrobic sotnoshom rop odahlurtap(adiv ed oşÂapo ues adnucric euq otniribaL od sÂAvarta rapacse ed ariena amu rarthnoco odnatnet ,sona sÂArt rop "edalG eht" me |Âtse opurq o said atnirt adac a odnaghbc otorag ovon mu moC .ethnemasohlwaram otium ossi zaf llab ,assimerp atsed arof odimerpe res a retsubkcolb laicnetop ed etnom mu |ÂH ,ragul ues me agehc)oiraledocS ayaKt aserehT ed amrof an atorag anu ,edalG a arap odaivne res otorag omix^arp od setna sanames ,odnaug adacilpmoc siam acif opmac on adv A .ofÂsÂucexe ed opmet ues o odot etnarud ragirnt arap latnemarepmet amard e etneicifus acirt©Alo deAsnet moc ,llab arap ethanoisssermi e aditnarag aiertse amu A .)repooc ekaIB(kcuuC lev|Aroda o moc ajrof ele euq arnetarf ofÂxenoc a e ,ortuo o arap mu mevlovnesej retsgnaS-eidorB samohT .edadirgetni e edaditnedi erbos sepAtseuq sednarg atnvel m©Abmat ele
