Some British speakers usually use the present perfect with just. also use the past simple, but in Britain this use is usually regarded as incorrect. Be Careful! Don't use 'just' with adverbs such as partly to give the meaning 'not completely'. Don't say, for example, 'The job is only partially successful. The bus was only half full. It is the seventh track on their 1995 album The Bends. Radiohead frontman Thom Yorke wrote the song about a narcissistic friend of his, which on closer inspection is showcased by the imagery in the lyrics - a parallel to earlier My Iron Lung EP track "Lewis [Mistreated]". He also says that it was something of a competition between him and Jonny Greenwood to see who could fit the most chords into a song. The chorus section contains a clear use of the octatonic scale—Jonny Greenwood's favourite scale—on an ever-ascending path which harmonises against a four-chord progression. In the UK, this single was available as two CDs: the first one featured different tracks, and the colour of the cover art on the second single was inverted. In 2007, NME placed "Just" at number 34 in its list of the 50 Greatest Indie Anthems Ever. In 2008 it entered the Radiohead: The Best Of collection.
