The Speed 400 brings Triumphs unmistakable stripped back custom style, agile handling, responsive performance, and category-defining build quality to a new class of rider. From the classic engine profile and sculpted fuel tank to the premium paint finish, the Speed 400s stripped back modern custom style and timeless silhouette is unmistakably Triumph. Trademark black powder-coated engine casings, tough gold anodized forks, high-quality paint, and exquisite detailing ensure the finish on the Speed 400 is premium throughout. The all-new TR-Series engine combines the latest technology with modern classic aesthetics to deliver class-beating performance, Triumphs signature characterful and rewarding feel, and an unmistakable exhaust note. The all-new dedicated frame and high-quality suspension deliver neutral, confidence-inspiring handling, and the perfect riding position for a fun and engaging ride for new and experienced riders alike. The Speed 400 is a great fit for riders of all sizes. Thanks to its lean standover, the engaging and natural riding position blends comfort with assured, feet-down maneuvering. Lightweight, 10-spoke, 17-inch cast aluminum wheels contribute to the Speed 400s agile handling and premium brand tires provide confidence in all conditions. Responsive and confident braking performance comes courtesy of twin-piston radial calipers and floating disc, complete with braided brake lines and Bosch ABS. The Speed 400 is packed with modern rider-focused technology to enhance every ride, including switchable traction control, torque-assist clutch, Bosch ABS, LED lighting, and all-new dual format instruments. The Speed 400 is equipped with a steering lock and anti-theft immobilizer as standard. A unique security chip is integrated into the ignition key to ensure only the owner can start the engine. With class-leading specification, quality, and performance with low running costs, a 10,000-mile service interval and a two-year unlimited mileage warranty the Speed 400 offers incredible value. Mesh jackets and warm-weather riderwear made for modern classic touring. All fully CE and UKCA certified complete with D30 protection.
