Please contact us.Is your product defective and the manual offers no solution? Go to a Repair Café for free repair services. Frequently Asked QuestionsOur support team searches for useful product information and answers to frequently asked questions. If you find an inaccuracy in our frequently asked questions, please let us know by using our contact form. DAB+ is the successor of the FM signal and stands for Digital Audio Broadcasting. It is a digital signal that allows for more channels within the same bandwidth and allows for easier switching between channels. This was helpful (531) Read more Some car radios have a feature to eject stuck CDs. Turn the car off and press the 'on' and 'eject' button simultaneously for 10 seconds. If this does not work, start the car and try again. This was helpful (307) Read more FM and AM are both forms of modulation used to transmit a signal. FM stands for Frequency Modulation and AM stands for Amplitude Modulation. AM is the oldest form of modulation. The biggest difference is that the FM signal is much stronger than the AM signal. This was helpful (294) Read more There are two standard car radio sizes, 1-DIN and 2-DIN. 1-DIN is the standard slim versin and 2-DIN is double that height. 2-DIN car radios often have room for a screen to display navigational information or play movies. This was helpful (261) Read more Before using the Product Manuals Download Service on this site you must agree to the following "Terms of Use." The product manuals on this site are copyright Clarion Co., Ltd. Unauthorized redistribution of the contents in whole or in part is prohibited by law. However, you may printout one copy for personal, non-commercial use. Errata and other such materials sometimes come packaged with the product as supplements to the product manual, but not all such materials appear on this site. In principle, the product manuals that appear on this site are from when the product was first sold. The contents of the product manuals are subject to change without notice when there are changes in the product's specifications or in regulations and may differ from the product or product manual you own. If there are differences in the specifications of the product you own and the product manual on this site, or if you have questions regarding the contents of this site, please contact Customer Service. Additionally, if the product manual that comes with the product is revised, the revised version may be posted on this site without notice. However, the product manuals on this site are not updated with every revision of product manuals that come with the products. The models referenced in the product manuals on this site may not be available for purchase due to cessation of production or other reasons. This site does not contain product manuals for every product that Clarion sells. If you are unable to find the product manual you are looking for, please contact Customer Service and purchase it. There may be cases where the applicable product manual cannot be purchased due to cessation of production or other reasons. These product manuals are for the reference of customers who have purchased Clarion products and are written with the assumption that the product has been purchased. In some cases Clarion may not be able to answer questions regarding these product manuals from those who have not purchased the products.
