Summary

Reliable Building Maintenance Engineer who has a vast knowledge base for maintaining and repairing a variety of systems, adept at scheduling routine maintenance, responding promptly to emergency calls and engaging in preventive repair and maintenance work. Specializes in comprehensive maintenance planning for large office buildings and condominiums.

Highlights

- Accomplished HVAC and plumbing technician
- Exceptionally organized and able to maintain multiple schedules
- Excellent ability to respond to emergency situations
- Believes that preventive maintenance is a good investment
- Strong ability to maintain a cohesive maintenance team
- Willing to be on-call for as many hours as needed

Work Experience

July 2011 to February 2013 Broadwood Management - Newark, CA Building Maintenance Engineer

- Worked hard to develop a routine maintenance schedule for all HVAC and plumbing systems.
- Established a network of quick responding professional organizations to help in emergency situations.
- Collaborated with building management to successfully install a new air conditioning system.

October 2003 to July 2011 Fellowship Properties - Newark, CA Building Maintenance Engineer

- Created a library of manufacturer user manuals for all of the installed equipment that came in new hands during emergencies.
- Assisted in developing a quarterly maintenance check of all emergency response systems.
- Worked with tenants to develop a more efficient way of reporting maintenance issues.

June 1995 to October 2003 Day Management - Newark, CA Building Maintenance Engineer

- Created a training program for all maintenance technicians that helped to improve responses to emergencies.
- Collaborated with equipment manufacturers to develop more reliable maintenance schedules.

Education

1995 Shelton Community College, Newark, CA Associate's Degree, HVAC Engineering
